- 4. PUBLIC COMMENT NOT ON THE AGENDA :** Elizabeth Bettenhauser made the following public comment: She was concerned with the safety of the properties that CCSD owns. She tripped and fell on the sidewalk in front of the pocket park and luckily didn't break any bones, but did injure herself rather severely. She would like PROS to be Pro-active in finding hazards that might be on CCSD property and work to get these hazards corrected. The sidewalk is very uneven in front of the pocket park due to the sewer. CCSD

after several months of emails etc. is sending Carlos to fix the problem.

## **5. PRESENTATIONS**

- A. Cambrians for Aquatics to Provide Update on Questionnaire Progress: They have had an excellent reception at the SLO Parks and Recreation Department. The Department is all for them redoing the Shamel Park Pool as long as Cambrians for Aquatics pay for it. The Committee showed us a demo of the stainless steel which will cover the walls of the pool and then the teflon which will cover the stainless steel walls and then a soft cushiony material which will line the bottom of the pool. They have some architect renderings of how the pool will look ,but it is not based on surveys as yet. Elizabeth Bettenhauser who lives a few streets above the pool had a few questions for the group. She was concerned that the pool is taking up too much space of the Park They plan to have a meeting with Park Hill residents.
