**2020 URBAN WATER MANAGEMENT PLAN UPDATE NOTIFICATION**

Dear Mr. Keith,

Cambria Community Services District (CCSD) is in the process of preparing and updating its 2020 Urban Water Management Plan (UWMP) in compliance with the Urban Water Management Planning Act and the Water Conservation Act of 2009, commonly referred to as SBX7-7. An update of the CCSD's UWMP is required every five (5) years.

The 2020 UWMP Update will reflect new information since the adoption of the 2015 UWMP, forecasted demands within the CCSD's service area, the CCSD's plan to reliably meet the water needs within its service area, and compliance with the SB X7-7. As part of the new requirements, the CCSD is also adopting a Water Shortage Contingency Plan (WSCP), which must be included as part of the 2020 UWMP. This document will describe how the CCSD will respond to foreseeable and unforeseeable water shortages.

Water Code section 10621(b) requires an urban water supplier updating its UWMP to notify cities and counties within its service area of the update at least sixty (60) days prior to holding a public hearing. This letter serves as the CCSD's official notice of preparation and intent to adopt the UWMP and WSCP before the July 1, 2021 deadline.

A copy of the CCSD's draft 2020 UWMP and WSCP will be available for review on the CCSD's website in May of 2021, and the CCSD will subsequently hold a noticed public hearing on the 2020 UWMP and WSCP in advance of its proposed adoption. The CCSD invites you to submit comments and consult with the CCSD regarding these plans.

The CCSD's website (<https://www.cambriacsd.org/>) will give updates on the 2020 UWMP and WSCP. If you have any questions, comments, or input, please contact Ray Dienzo, Utilities Department Manager/District Engineer via email at [RDienzo@cambriacsd.org](mailto:RDienzo@cambriacsd.org) or by phone at (805)-927-6119.

Sincerely,

A handwritten signature in black ink that reads "Ray Dienzo".
