---

There is a very dangerous situation on the roadway at the corner of Orville Avenue & Orville Avenue. There are huge potholes and loose gravel in the middle of the road at that intersection. It isn't visible at night so a bicycle or car tire can easily catch the holes & slide on the loose gravel. It's an even more dangerous hazard with someone on foot. This needs to be fixed before someone is seriously hurt.

<b>Address:</b>	[REDACTED]
<b>Email:</b>	[REDACTED]
<b>Written Public Comment:</b>	Regarding Agenda item 7E, in the Discussion I don't see any reference to alternative bids and pricing that were sought or received. Was this work put out to market for RFP? If not, please explain why., as well as explain the reasons for selecting TruePani. Thank you
