

Special District Leadership Foundation

In 1999, the Special District Leadership Foundation was formed to provide educational programs to special district elected officials and employees. These programs are dedicated to promoting excellence in special district governance and operations throughout California.

Certified Special District Manager Certification

The Certified Special District Manager Certification is designed to recognize district management personnel's professional experience, continuing education, and community service. CSDM's strive to be the premiere leadership at today's districts, this certification is a recognition unmatched by any other program.

Certified Special District Manager

In recognition of the required professional experience, community service, education and successful completion of the Certified Special Districts Manager exam. The Special District Leadership Foundation presents the Certified Special District Manager Certification
