Summary

The Cambria Community Services District (CCSD) preliminary budget for fiscal year (FY) 2024-2025 has been prepared, reflecting several actions approved by the Board of Directors during the current fiscal year. Those actions include review & updating of the budget policies, strategic planning goals for the calendar year 2024, and guidance from standing committees covering numerous details associated with the CCSD's finances, operations, capital projects, and policies.

Overall, the district's financial condition continued to improve due to the district's efforts in fiscal conservation and the creation of operational efficiencies leveraging technology, updated policies and procedures, and a new investment strategy. The district completed a rate analysis in FY 2021-2022 to provide the district with the ability to cover the cost of anticipated debt service in the wastewater fund and begin implementing multi-year capital improvement projects in both the water and wastewater funds. These rate increases span three years and are prescribed in Resolution 32-2022, adopted on May 19, 2022, which approved the rate increases for the water and wastewater rates that would require Board approval. 2024/2025 is the last year of the three-year increase. The prescribed rate increases also include future annual inflationary adjustments to water and wastewater, which will require Board approval. Additional details associated with enterprise fund activities, including recommendations from the CCSD standing committees guiding the preparation of the preliminary budget, are provided in subsequent sections of this report.

While the preliminary budget includes revenues and expenditure plans for FY 2024-2025, it does not include reserves since those are incorporated at the time that the Final Budget is considered by the Board. The prescribed timing of the final budget, established by Government Code Section 61110, allows staff to perform year-end accounting closure procedures for the CCSD balance sheet in determining the current year's ending reserve balances. The district completed the FY 2022-2023 audit, and those reserve balances will be incorporated into the FY 2024-2025 estimates for the final budget. Interfund loans exist and may affect balance sheets and reserves. Based on past Board direction, staff will continue inter-fund loan discussions with the Finance Standing Committee and the Board.

General fund budgets are funded through taxes and assessments, which are not increasing parallel to the inflation rate, and several unfunded items continue to exist. The Facilities and Resources budget has absorbed the property tax allocation and operating budget of the previous Parks, Recreation, and Open Space department. Service levels are being evaluated to address operational deficits within the department. Additional details on General Fund budgets and unfunded items are provided in subsequent sections of this report. Options to increase revenues to address unfunded items are limited but will continue to be explored as part of the Board Adopted Strategic Plan and ad-hoc committee.

Net Sources Over / (Under) Uses	\$ 220,511	\$ 58,259	\$ 278,770	\$ -	\$ 278,770

Total General Fund revenues are estimated to increase by \$532,433 (9%) from \$6,257,787 for FY 2023-2024 to \$6,790,220 in FY 2024-2025. This increase is due to property tax, franchise fees, and interest earnings. Property taxes are projected to increase \$143,753 (4.8%) from \$2,985,326 in FY 2023-2024 to \$3,129,709 in FY 2024-2025, based on estimates received from the County of San Luis Obispo Treasurer-Tax Collector.

Total General Fund expenditures are estimated to increase by \$229,076 (3.6%) from \$6,340,633 for FY 2023-2024 to \$6,569,709 in FY 2024-2025. This increase is due to projected salary increases and inflation estimates. Overall, the General Fund budgets are anticipated to have a surplus of \$220,511. This surplus is held in the General Fund for emergencies during the year or much-needed maintenance of General Fund properties. Several Maintenance and Repair projects were not funded for Fire and Facilities & Resources and may come before the board for approval during the year. Achieving a balanced budget relies on 100% cost recovery for the Administrative Fund. These administrative cost allocations and other inter-fund transfers are eliminated in the CCSD combined budget to determine net revenues and expenditures after inter-fund activities.

The Enterprise Fund revenues are estimated to increase by \$506,691 (5.6%) from \$9,096,400 in FY 2023-2024 to \$9,603,091 in FY 2024-2025 due to water and wastewater rate increases. Enterprise Fund expenditures are estimated to increase by \$595,197 (6.7%). The increase in expenses is due to projected salary increases, inflationary projections, and an increase in debt service. An overall surplus of \$58,259 is projected for FY 2024-2025, which can be utilized for future capital or debt expenditures.

General Fund Budgets

The General Fund Budgets consist of the following:

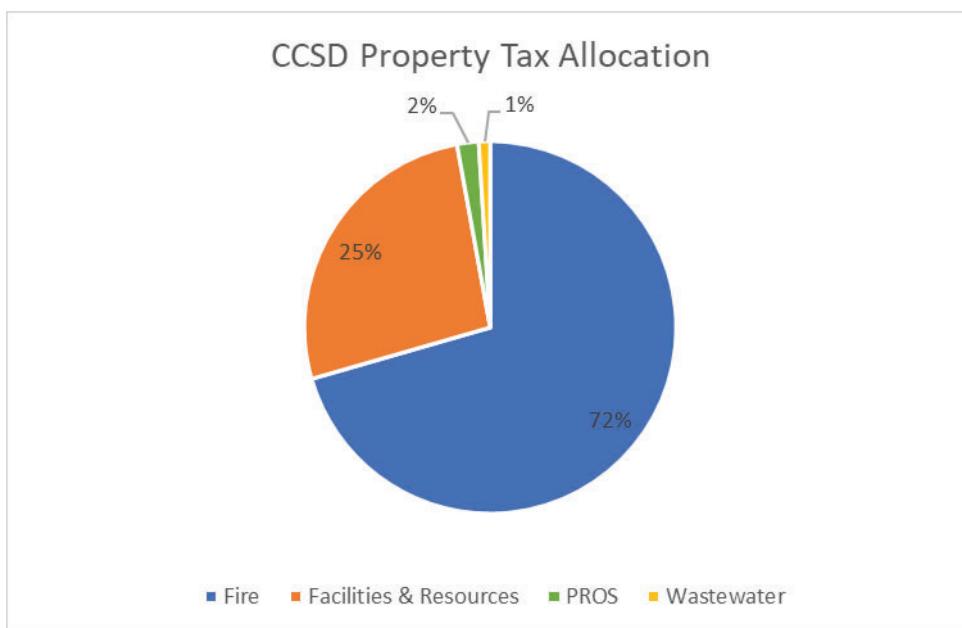

- Fire Fund
- Facilities and Resources Fund
- Administrative Fund (Including the Overhead Allocation spreadsheet)

The combined General Fund budgets are illustrated on page 15, and a summary and detailed schedules for each budget are provided on pages 15 to 31.

Significant Budget Items

General Fund revenues are primarily property taxes allocated between Fire and Facilities and Resources to fund budgeted expenditures. Other revenues, such as the Fire Assessments, are restricted to the Fire Fund. The Administrative Fund budget includes a schedule on page 56 illustrating how administrative costs are allocated between the various CCSD budgets. The Administrative Cost allocation provides for 100% reimbursement of expenses. Revenue collected in the General Fund is not being used to offset administrative costs to help ensure that the General Fund is balanced and able to perform future deferred maintenance on assets within the General Fund.

The following illustrates the allocation of CCSD property taxes.

General Fund Trade-Offs

Trade-offs in General Fund budgets link to how much property taxes are allocated to one of the budgets versus another budget. The Fire Fund is allocated 72% of the CCSD property taxes, which, together with Fire Assessments of \$567,460, provide most of its funding. The Facilities and Resources Fund receives 25% of the CCSD property taxes, which, with the Veterans Hall rental income, provides for most of its

funding. Allocating more property taxes to one fund and decreasing the other would result in trade-offs, changes in staffing, and changes in the service level provided by each department.

When considering trade-offs between General Fund budgets, it is essential to recognize that CCSD has taken on added responsibilities in recent years without funding. Funding for the maintenance of open space, maintenance of the Veterans Hall, and homeless camp cleanup are three primary responsibilities of the Facilities and Resources budget that continue to be underfunded and where service is provided in the best manner possible within available funding. Over time, as the CCSD continues to maintain the Fiscalini Ranch and take ownership of more open space parcels (now at over 500 parcels) with insufficient funding, the General Fund budgets for Fire, Facilities and Resources and Admin will continue to decline and impact operations and safety. Significant steps have been taken to assess the operations of the Facilities and Resources department to reduce expenditures. One of the most significant steps was to hire another maintenance technician who would be funded by reducing the work we contracted. This provides the department with an increase in productivity and overall cost savings.

Lastly, \$25,000 in property taxes is budgeted for the low-income discounts for wastewater customers. Based on Proposition 218 requirements for the proportional allocation of costs when establishing customer rates and charges, low-income discounts cannot be subsidized by other wastewater customers. Property taxes are the sole source of discretionary revenues appropriate to cover the cost of the discounts.

Fire and Emergency Services – See budget schedules on page 17

Significant Budget Items

- The CCSD Fire Fund provides 10 full-time personnel, 3 full-time grant-funded personnel, and 1 volunteer/reserve fire personnel.
- Capital expenditures totaled \$15,000 for ballistic vests for active shooter response.

Capital project requests that were not funded are fire station roof and gutter repairs, Fire Engine- Type 1, rescue ski, and fire department gate and fencing.

Goals, Objectives, and Plans

- 1) Continue to seek grants for various equipment and prepare funding options for the Board to consider if grants are not awarded.
- 2) Analyze the staffing model and propose efficiency and employee retention changes.
- 3) Continue to support employee training in maintaining professional licensing or other industry-related training.
- 4) Continue to support upgrading outdated equipment and apparatus.
- 5) Work to make critical updates to the fire station for safety and efficiency.

Facilities and Resources– See budget schedules on page 22

The Facilities and Resources (F&R) budget funds three (4) full-time equivalent staff positions and related expenditures for maintenance and repairs of District assets, including real property such as the Veterans Hall Building, Dog Park, Public Restrooms, Open Space, and Fiscalini Ranch. The property tax allocation

and operating expenditures from the PROS department have been moved to F&R. The PROS department will still be used to track capital projects related to F&R, such as the skate park construction and the Fiscalini Ranch restroom. Current challenges associated with unfunded budget requests are common for local agencies that can fund facility development but are hard-pressed to fund long-term maintenance efforts. Continued resource demands for open space maintenance, homeless camp cleanups, and storage of personal property are having a significant budgetary impact on General Fund resources and staff.

Significant Budget Items

- The CCSD Facilities and Resources Fund provides for 4 full-time personnel. Staffing levels were increased for the 2024/2025 budget. The district is reducing the amount of contracted work and gaining efficiency with a new employee.
- Capital expenditures were not funded due to structural budget deficits in the F&R department. This year's requests were for the relocation of the F&R building and an ATV.
- Significant unfunded requests exist, such as maintenance of the Veterans Hall,
 - Significant unfunded requests exist for the maintenance of the Veterans Hall.
 - Significant resource constraints affect the staff's ability to maintain open space, streetlights, and public restrooms, which may not meet the community's service level expectations.

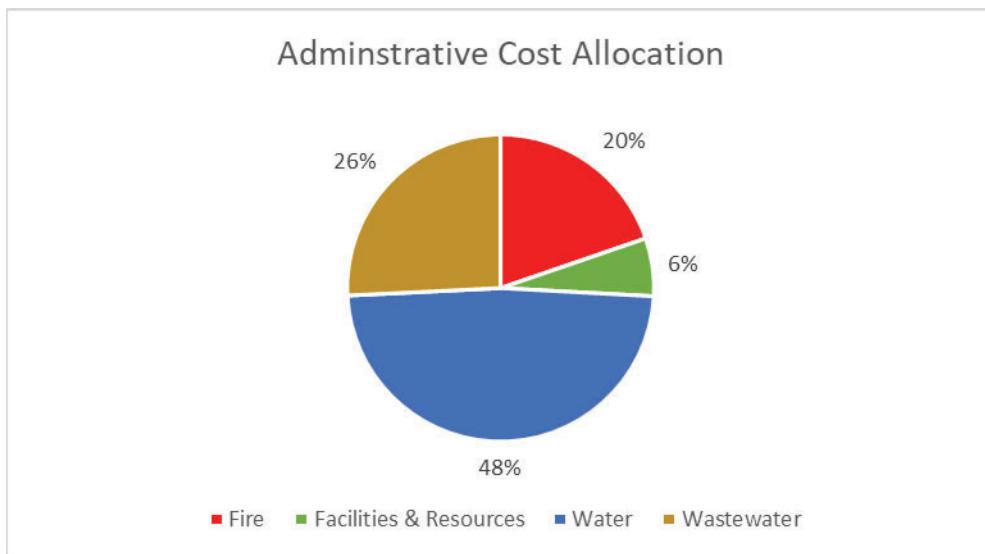

Goals, Objectives, and Plans

- 1) Continue to research grant opportunities.
- 2) Continue to support employee training in maintaining professional licensing or other industry-related training.
- 3) Continue discussions & review of the fee structure for the Veterans Hall rental rates.
- 4) Continue the dialogue with the Finance committee and Board to find alternate funding sources.

Administrative Services— See budget schedules on page 27

The CCSD Administrative Fund budget includes the cost of the general manager and staff responsible for the district's accounting and finances, human resources, clerk and records retention, centralized aspects of contract management, and related administrative functions.

The following chart illustrates the CCSD allocation of administrative costs.

Overall, combined enterprise fund budgets pay 74% of the CCSD administrative costs, with water fund budgets (including WRF budgets) covering 48% and wastewater funds covering 26%. General fund budgets pay the remaining 26%, with those costs covered by Fire (20%) and F&R (6.0%).

Significant Budget Items

- The Administrative Fund budget assumes that administrative costs are 100% reimbursed by other operating budgets.

Goals, Objectives, and Plans

- 1) Support the most current strategic plan and three-year goals the Board of Directors adopted.
- 2) Study the District Fees & Charges Schedule to determine if rates must be amended to cover the service cost.
- 3) Continue with progress on the following Organizational Goals:
 - a) Develop and review the annual budget and continue with quarterly financial updates.
 - b) Begin the FY 2023-2024 audit.
- 4) Continuing work with Standing Committees on various Board-assigned tasks.
- 5) Continue to support employee training in maintaining professional licensing or other industry-related training.
- 6) Implement improved workflow solutions to gain efficiency.

Enterprise Fund Budgets

The CCSD Enterprise Fund budgets consist of the following:

- Water Fund
- WRF Operations Fund
- WRF Capital Fund
- Wastewater Fund

The combined Enterprise Fund budgets are illustrated on page 39, including the combined summary information for the three (3) water fund budgets (Water, WRF Operations, and WRF Capital Funds) and the Wastewater Fund. Detailed schedules for the enterprise budget are on pages 32-55.

Significant Budget Items

As with the General Fund budgets, some significant items are common to all enterprise fund budgets, while others are budget-specific. The following is a list of budget issues common to all enterprise funds.

- The approval of three-year rate increases to water and wastewater rates on May 19, 2022, effective July 1, 2022, increases the funding for the district's enterprise services, planned capital project activities, and debt service. WRF fees are not increasing and will remain as prescribed in year three of the 2018 rate study.

Trade-Offs

In contrast to the General Fund budgets, where trade-offs exist between the budget units depending on the allocation of property tax and general fund discretionary revenues, the enterprise funds have their own dedicated revenues, and trade-offs are budget-specific. For CCSD water services, there are three "component units" of the budget – the Water Fund, the WRF Operations Fund, and the WRF Capital Fund and trade-offs may also exist between those three components.

Goals, Objectives, and Plans

Enterprise Funds are managed by the Utilities Department Manager. A couple of important goals for FY 2024-2025 exist for both water and wastewater operations, including the following:

- The July 1, 2022, rate increases for water and wastewater fund capital improvements and improved proactive maintenance. Implementing those efforts cost-effectively will help maximize the beneficial outcomes of rate increases.
- Continue to improve regulatory reporting and responsiveness to resource agencies.
- Advancing the Capital Improvement Program (CIP)

Forward movement on CIP will need to address staff roles and responsibilities, how the project priorities are phased, how professional and construction services are procured, and the refinement of scope, schedules, and budgets for individual projects. Overall project prioritization has been completed, reviewed, and endorsed by the Resource and Infrastructure Committee, and continued coordination with the committee will be a staff priority in FY 2024-2025. Details on specific projects and programs are discussed in the following sections on each enterprise budget. Capital Improvement Program Project Prioritization schedules are included on page 63.

To advance the capital improvement program, continued coordination between the Finance and Resources and Infrastructure committees will also be essential.

Water Fund – See budget schedules on page 35

Budgeted revenues and expenditures are estimated at \$4,134,450, resulting in a balanced budget.

Significant Budget Items

- Staffing levels are consistent with the current FY 2023-2024 staffing.
- Capital expenditures totaled \$448,000, including projects approved at the Resource & Infrastructure Committee meeting and by the Finance Committee.

Water Fund Trade-Offs

The Capital Outlay expenditures include trade-offs that will continue to be considered by staff, the Resource and Infrastructure Committee, and the Board of Directors during FY 2024-2025.

Capital projects are listed in priority order on page 63. Many of the projects in the water fund are implemented over multiple years, and funding is accumulated over several fiscal years. The proposed capital projects, as discussed above, include multi-year and new project requests. Maintaining the Water Fund surplus is essential to fund future capital projects.

Goals, Objectives, and Plans

Water system goals for FY 2024-2025 include the following:

- Update of Urban Water Management Plan.
- Update San Simeon Creek Basin Management O&M Manual
- Continue to support employee training in maintaining professional licensing and other industry-related professional development.
- Establish specific goals relating to Capital Improvement Projects.
- During quarterly budget reviews, continue to provide status updates on CIP efforts.
- Continue to develop details on scope, schedules, and budgets for individual high-priority projects.

WRF Fund – See budget schedules on page 42

The projected operating surplus in the FY 2024-2025 WRF Operations Fund budget is \$190,000.

Significant Budget Items

- Staffing levels are consistent with the current FY 2023-2024 staffing.
- Capital expenditures total \$190,000 and include projects approved by the Resource & Infrastructure Committee and by the Finance Committee.

WRF – Trade-Offs

The continuing costs of permitting WRF facilities are uncertain. The amounts currently budgeted and contracted for environmental services will be encumbered at the end of FY 2023-2024, offsetting the need for new funding in FY 2024-2025.

WRF - Goals, Objectives, and Plans

WRF goals for FY 2024-2025 include the following:

- Continue to support employee training in maintaining professional licensing or other industry-related professional development.

- Continue working on the Section 7 consultation and acquisition of the Regular Coastal Development Permit.
- Installation of Media Preservation.

Wastewater Fund – See budget schedules on page 50

Budgeted revenues are estimated to be \$4,139,641, and expenditures are estimated to be \$4,026,382.04, resulting in a surplus of \$58,259.

Significant Budget Items

- Staffing levels are consistent with the current FY 2023-2024 staffing.
- Capital expenditures total \$80,000 to help fund a new fuel tank and an EV Truck. The purchase of an EV truck was added to the preliminary budget after it went through the R&I and Finance Committee. Staff deemed this addition important to take advantage of an opportunity to purchase the first district EV vehicle and is included in this budget for Board approval.

Trade-Offs

The most significant is the historical issue of the deferral of plant maintenance and capital improvement activities. The 2022 Prop 218 rate increase addressed a portion of this historic issue.

Goals, Objectives, and Plans

Wastewater system goals for FY 2024-2025 include the following:

- Continue managing the Sustainable Solution Turnkey (SST) project.
- Complete various maintenance & repair projects at the plant.
- Continue to support employee training in maintaining professional licensing or other industry-related professional development.
- Establish specific goals relating to Capital Improvement Projects.
- During quarterly budget reviews, continue to provide status updates on CIP efforts.
- Continue to develop details on scope, schedules, and budgets for individual high-priority projects.
